# Smelling (The Five Senses)

## Synopsis

Books in this series introduce readers to the five senses through simple text and vivid photographs. Each book focuses on one sense and the associated sensory organs. In *Smelling*, readers learn how their nose can smell different scents, and that some smells can be dangerous.

## Customer Reviews

I teach preschool (3-5) years. My kids found this series very interesting and liked the pictures. Real photographs with real people and objects are great for children's books, opposed to illustrations or animals representing people.

Great

Product came quickly and as expected.
