Absolutely LOVE this book! The pictures are great, my son loves lifting all the flaps, and it shows all the fun stuff about Halloween in a non-scary way! It's pretty big and easy to hold, and has all the characters from Mickey Mouse Clubhouse that my son loves.

There are enough flaps here to keep any toddler busy for awhile. Forget the fact that there is really no text here because checking behind all the flaps is what this book is all about. The colorful Halloween activities engaged in by Mickey Mouse and his buddies are the centerpiece and the child will love discovering the surprises behind the flaps. Mom or dad may have to help find and open all the flaps the first time through but then the child can take over and use his/her little fingers manipulate the flaps.

Bought this for a 2 year old. He enjoys it tremendously. The Mickey scenes and images hidden

behind the flaps help tell the story so even though he cannot read, he can now tell the story to me as he turns the pages and opens the flaps. The Mickey images remind him of what he will see when the next flap is opened. He especially likes "reading" this way to his friends.

Adorable and one of my son's favorite books (30 months old). He can sit and look at this book until Mommy says it's time for bed. My only complaint is that on the shapes page it asks kids to find the picture of the purple hexagon...but, under the flaps is a purple octagon. Someone forgot to proofread.... As a math teacher, it bugs me because I like to refer to the shapes with their proper names and I can't show him a hexagon and ask him to find the matching one...there isn't one! (Don't even get me started about all the "diamonds" in the other shapes books...)

The cutest Mickey book! My son has to read it every single night. It's so fun.

Adorable!! I got this for the Halloween buckets I make for my kids :)

My 2 year old daughter love it to flip the flaps and see what was under them! Over and over again. No scary at all it a happy party Halloween great for young kids.

Very cute book and larger than I expected. perfect for my two year old's birthday who is a huge Mickey fan. Lots of flaps and great price. Very happy.
