Deer Hunting For Kids (Into The Great Outdoors)

Synopsis

You're perched in a tree stand when a huge whitetail walks below you. You raise your gun to aim. Do you have what it takes to bag this trophy buck? Now is your chance to learn what you need to know about deer hunting history, gear, techniques, safety, and more.

Age Range: 8 - 14 years

Grade Level: 3 - 4

Customer Reviews

Any child preparing to deer hunt would already know what is in this book. Needed more on the how to stalk, sit, walk, treat after kill. Importance of balance of nature etc.

Another great book for kids whose abilities are low but you need to keep them interested in reading. The boys in my class loved it.

This is a good starter book for young wannabe hunters. It should be followed by a hunter safety class at your state game agency.

Suited for 9 and younger. Nice book.

This is more the size of a magazine than a book. I bought this for my grandson expecting it to be

more the size of a paper back book since it's the same amount of money.

I bought this for a former student of mine who LOVED to hunt with his dad but was losing interest in reading...I surprised him with this and he LOVES reading again :)

My nephew went wild for this book. Short enough for a kid's attention span, nicely illustrated, and informative without being graphic.

DEER HUNTERS ... great read for your little ones. I gave this to a friend as a baby shower gift, never too young to start reading!
