Flash Professional CS6: Visual QuickStart Guide

Synopsis

Flash Professional CS6 is such a powerful program that it can seem overwhelming to new or occasional users. With Flash Professional CS6: Visual QuickStart Guide, readers get a solid grounding in the fundamentals of the most recent version of the software. Highlights include new user options for setting document properties when creating or modifying documents; new layout and options in the Publish Settings dialog; working with tabbed text in Flash's text-layout framework; copying and pasting Timeline layers. Plus, learn about new options for exporting assets created in Flash as a PNG sequence; as a sprite sheet, or as JavaScript and HTML5, via the CreateJS extension. Includes eBook and Video Access In addition to concise, step-by-step explanations of core tools and tasks, with plenty of helpful screen shots to keep you on track as you work, Flash Professional CS6: Visual QuickStart Guide includes an hour-long HD video and eBook. In addition to reading about how to use the tool, you can watch it in action. You can also download digital versions of this book to load on the mobile device of your choice so that you can continue learning whenever and wherever you are. We provide you with both the ePub and PDF to ensure that you get the experience that best suits your viewing needs.

Customer Reviews

Book was brand new as described and got here within the allotted time frame. So far the book has been helpful for the class I bought it for.

Very good reference tool for CS6. It's up-to-date and a great companion to the the Flash program. Nicely designed and indexed.

While it did come kind of late for the class I was taking, it helped me to understand how the program works. the book was in really good condition for being used and i understood it perfectly.

Well written, easy to follow directions that are easy to apply to other projects. This is the required textbook for my class and it was a good choice. A good keeper for reference.

Adobe everything should get 5 stars. This was purchased as a textbook.

Item was delivered on time, was as described.

Great book...
