A Living Faith: An Historical Study Of Quaker Beliefs

Synopsis

Books which present a systematic theological reflection on Quaker beliefs are rare. Wilmer Cooper draws on thirty years of teaching theology and social ethics, with a concentration on Quaker studies, for this work. Each chapter has questions for use by those who wish to use the book for group discussions. Includes glossary of theological terms.

Book Information

Customer Reviews

With so many watered-down versions of Quaker faith and practice books being circulated, it is refreshing to see one authentic presentation in a little book that says it all and says it plainly. Long-time members in watered-down Meetings could get a spiritual lift, individually or in a group, by sampling any section here. With a few exceptions, other descriptive books on Quakerism simply don't seem serious any longer when held side by side with this short, sweet work. Wilmer Cooper went to Yale Divinity School; although that was not the source of his faith, it helped to make him highly articulate about it. Also note, because the edition pictured here is not the newest, it is often quite inexpensive. Either version is excellent.
