Who Was Queen Victoria?

Synopsis

Her reign of 63 years and seven months is known as the Victorian Era, a period of industrial, cultural, scientific, and political change that was marked by a great expansion of the British Empire. But Victoria was raised under close supervision and near isolation until she became Queen of the United Kingdom at the young age of 18. She married her first cousin, Albert, and had nine children who married into families across Europe. By the time she had earned the nickname "The Grandmother of Europe" and the title "Empress of India" it was indeed true that the sun never set on the British Empire. Publicly, she became a national icon, but privately, Who Was Queen Victoria?

This is a most interesting biography especially for young people to read. I am enjoying these very much. Queen Victoria was definitely a unique person and this biography tells her story in a very readable manner. I would want a set of these biographies in elementary school libraries as well as public libraries for sure. This one is easy to read and easy to understand. I like it.

this book goes through the details of an amazing person's life and if I lived in the area that she lived

inl don't know what I would do.

This is for a school library & we cannot keep it on the shelf as the girls love it

The "who was" series of books are some of the most educational and interesting books our family reads.

A short biography for young readers, this little book provides a quick overview for any reader.

Good, brief information. Gave a taste to want to delve further into Queen Victoria's life.

Who needs to go to the store, great book and perfect conditon. My son loved this book

Very interesting and well written. Easy for children to understand.
